Content Overview

About Us

We are a leading Information Technology Enabled Services (ITeS) outsourcing company, headquartered in Bangalore, India, a burgeoning IT hub fueled by a highly skilled and dedicated team.

Young, Ambitious with foundations of respect, Integrity, and innovation is our ethos. We aspire to realise the potential of making outsourcing possible for Mid and Small companies. Embracing technology and passion to deliver result and quality service

History of Techreasons
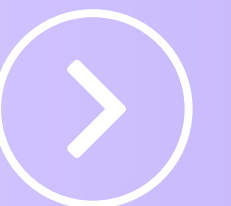

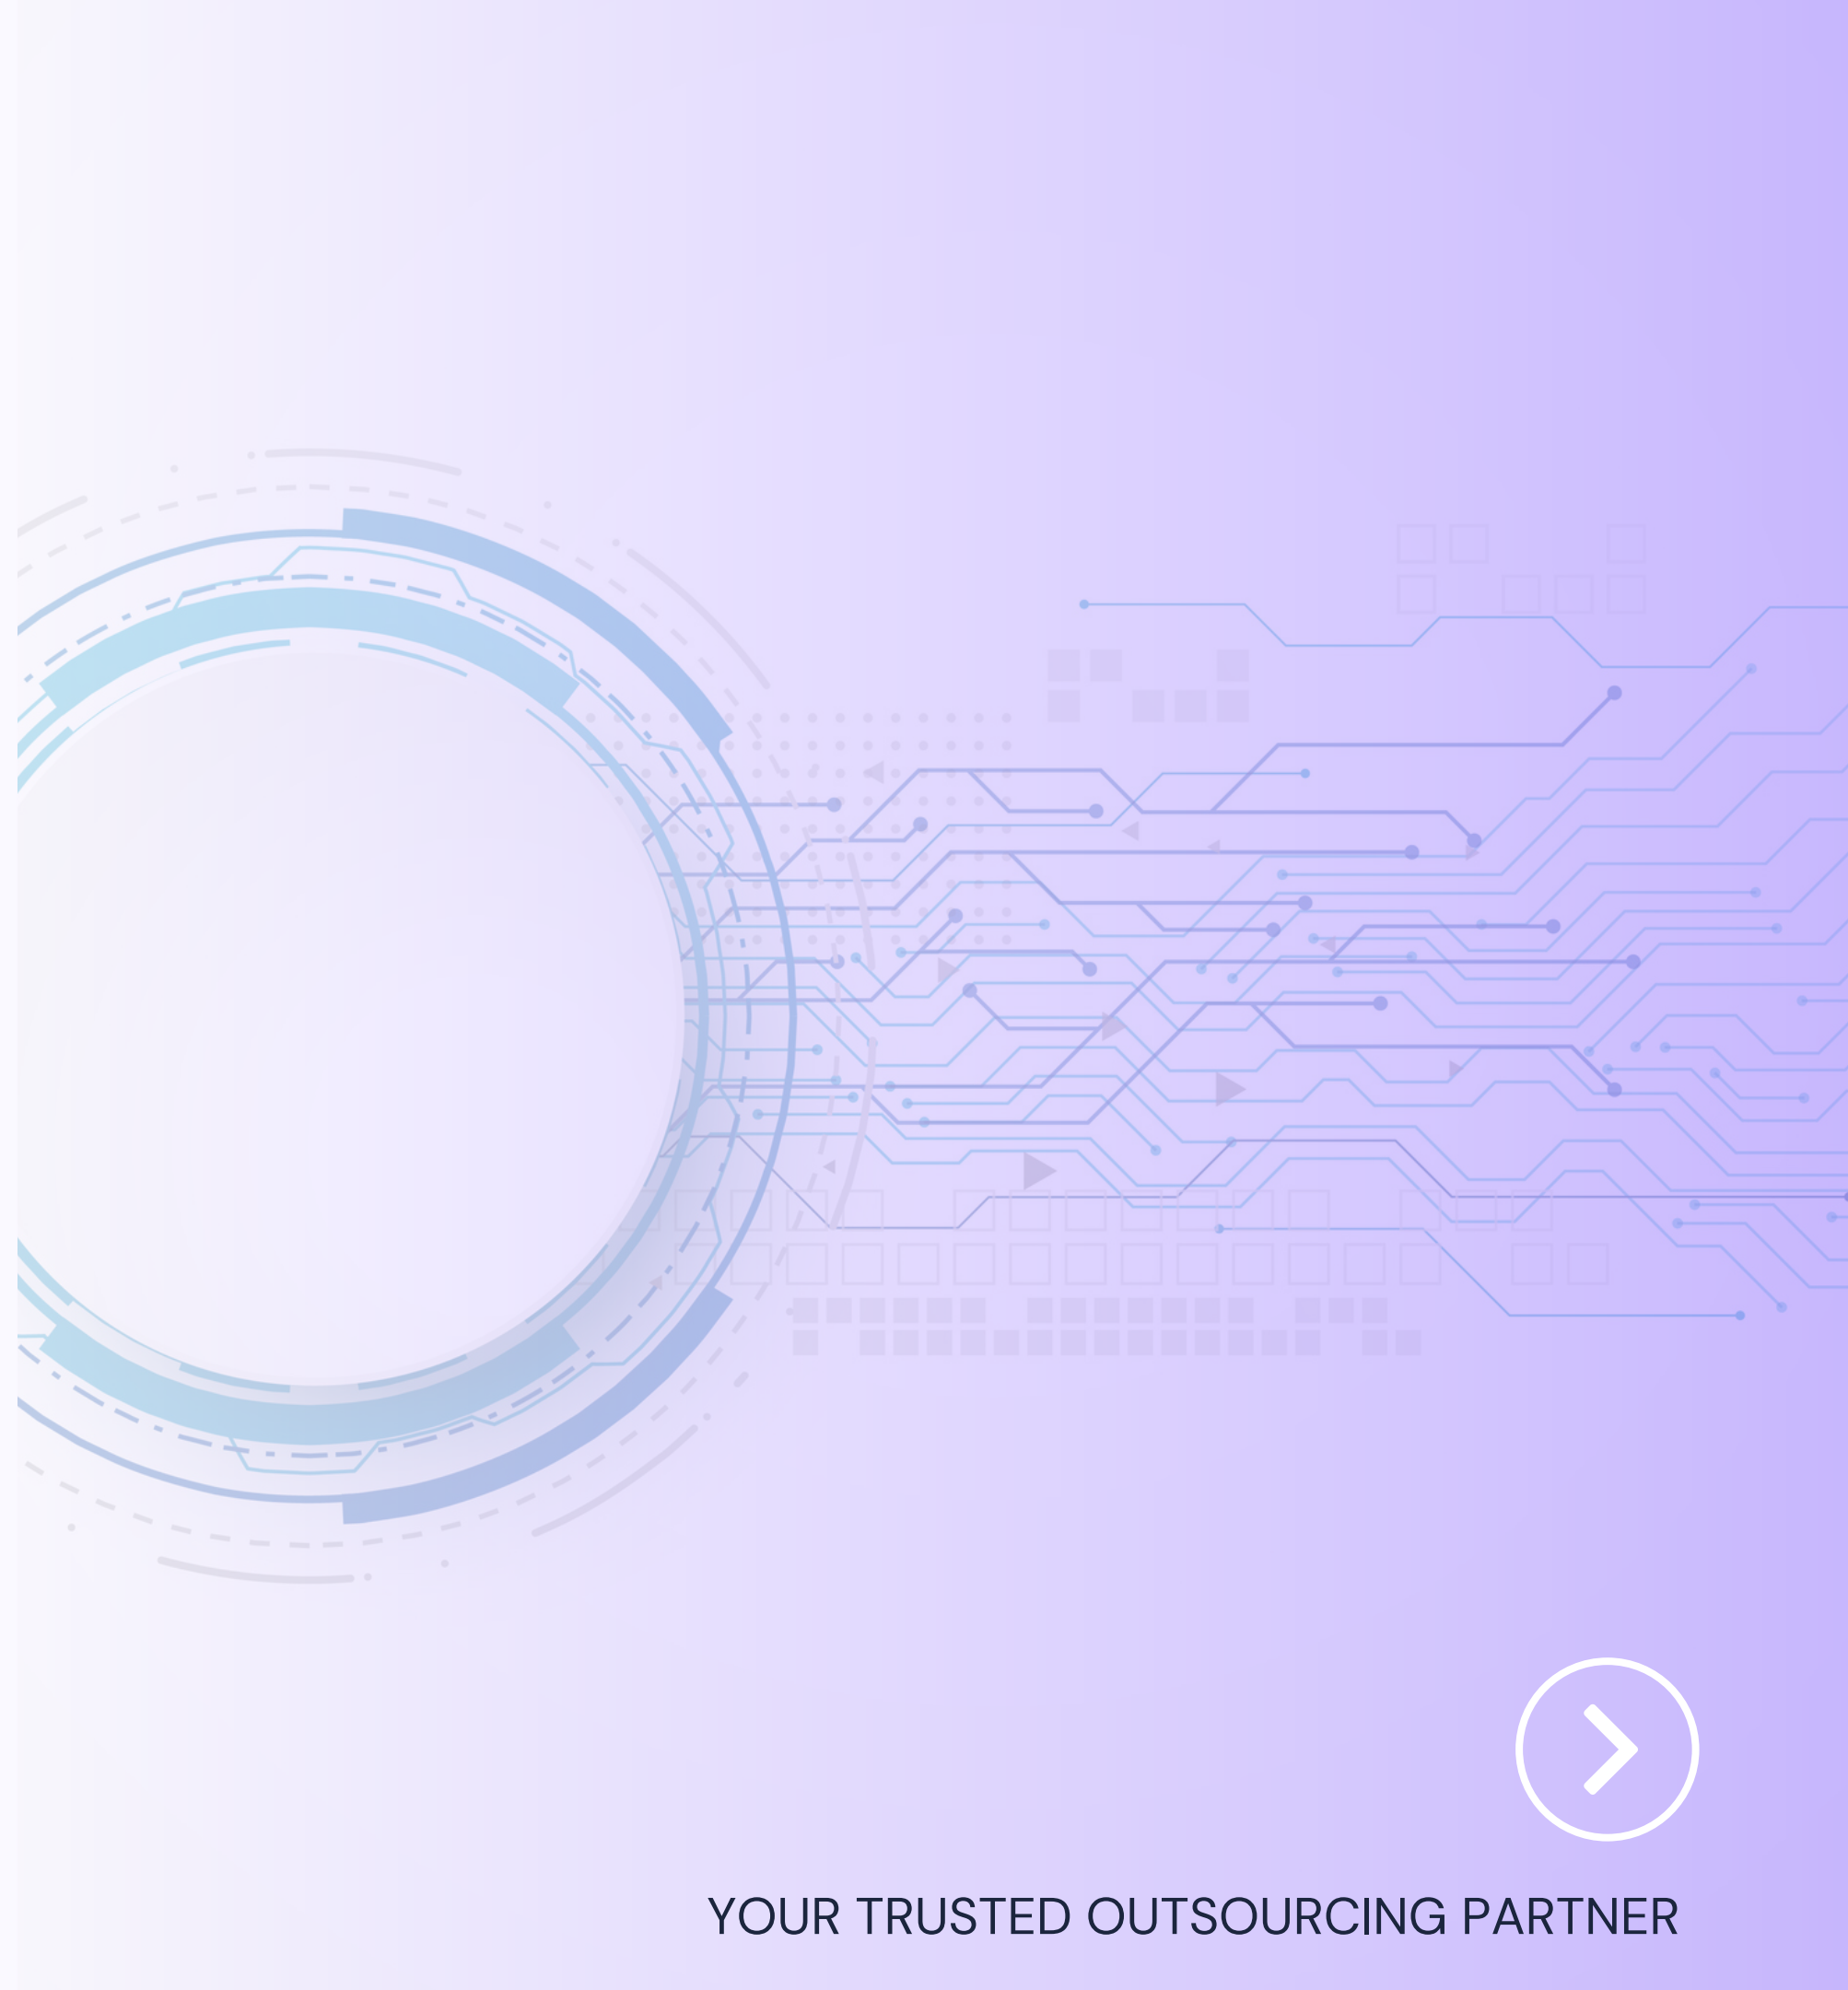

YOUR TRUSTED OUTSOURCING PARTNER

Our outsourcing consulting company started as a small business that was started in small hill station of India. Learning from clients who have worked with other companies, as well as some of the failures we faced when starting other types of businesses, we are determined to assist in developing companies through outsourcing.

Our Aim

Our goal is to be your best outsourcing partner by optimizing your operation's needs, leveraging cutting-edge AI technology, employing top-notch talent, and proactively monitoring performance metrics.

Mission

We aim to provide small and medium-sized businesses throughout the world with competitive and outstanding services, fulfilling the potential for businesses to become profitable and lean.

Our Goals

To be the best outsourcing partner

Simplify usage of technology, reduce the cost and hence make your business profitable

Ensure timely completion of work adhering to SLA and other parameters, Coupled with real time monitoring and utilisation
